## Company Profile

Following 16 years in the Jewellery Packaging industry the owners John and Patrice Paxinos decided to open their own company to better service the many friends in the industry they have made over the years.

J & P Paxinos Pty Ltd was established in 1990. The company has enjoyed steady growth since its inception and with the expansion of the product range decided to change the trading name in line with our product to Imajpak (Image Pack).

We are proud to be a family business with our children deciding to join the company over the past 16 years.

We hope our product range meets your needs and we are always happy to assist you with any special requirements. John and Patrice.
